

JACS TORONTO VALUES STATEMENT

Trauma-Informed Practice: At JACS, we acknowledge and understand the prevalence of trauma among the clients we serve. We utilize this understanding in all areas of practice, including all client services, within the organization and community partnerships.

Barrier-Free Access: At JACS, we prioritize ensuring barrier-free access for community members to utilize the services they need. This is demonstrated by our continued goal of no waitlist, as well both free and sliding-scale service options.

Excellence: At JACS, we strive for excellence in every aspect of service delivery. This is illustrated in JACS' continued pursuit of staff professional development.

Leadership and Education: At JACS, being recognized as a leader in the community for education of addiction and mental health is a pillar of our values. Through outreach endeavors within the Jewish community and beyond, JACS' outreach team facilitates psycho-educational workshops, community-based events, and partnerships, as well as connects with community members on the front lines.

Core values:

Holistic	Education
Trauma informed	Community/Family
Anti-oppressive	Excellence/Integrity
Respect	Barrier Free Access
